PART I GENERAL INFORMATION

1.1 Purpose

The Howard County Public School System (HCPSS) is soliciting information from qualified firms regarding public facing web application/geographic information system (GIS) tool for redistricting with this Request for Information (RFI).

1.2 Background

HCPSS operates 77 schools with additional office locations in a suburban area. Enrollment is approximately 56,000 students. For more information on the Howard County Public School System, please visit <http://www.hcpss.org/about-us/>.

1.3 Firm Requirements

HCPSS is requesting information from qualified firms with experience in GIS. Firms should also have experience in school planning and the school boundary adjustment (a.k.a. redistricting) process.

1.4 Description of Services Requested

The purpose of this RFI is to obtain information to help HCPSS develop a request for proposal (RFP) to create a web tool to be integrated in the HCPSS existing GIS platform. Firms are encouraged to provide mock applications or sample applications developed for other jurisdictions that are similar to the needs listed in this RFI.

The tool needs to:

- Be web-based and adaptable to desktop computers, tablets and mobile devices.
- Be user friendly and easily accessed and operated by the members of the public.
- Be compatible with the existing HCPSS GIS platform (ESRI).
- Be map-based allowing the user to select and reassign geographic areas to alternative school attendance areas.
- Be able to create “on the fly” results for suggested boundary changes (update map and provide resulting data reports) based on Section IV.B. of Board Policy 6010. Visit us at www.hcpss.org.
- Calculate the “strength/weakness” of a plan based on Section IV.B. of Board Policy 6010.
- Have a print/submission function to allow the public to submit alternative boundary suggestions (electronic submission is preferred, such as a PDF) with notes to HCPSS.
- Follow privacy requirements for sensitive student data and redact data as needed.

Interested parties may submit an information packet, which should include the the benefits and/or disadvantages of the tool. Provide an estimate of the overall budget of the tool and service(s) to illustrate the projected implementation and annual operating costs, including maintenance and any technical support. The information gathered from this RFI will assist the HCPSS in preparing a formal request for proposals and developing an estimation for the operating budget.

1.5 Contact

Questions concerning this RFI must be in writing and addressed to Douglas Pindell, Director of Purchasing, HCPSS. Upon issuance of this RFI, other employees and representatives of HCPSS will not answer questions or otherwise discuss the contents of this RFI with any potential respondents or their representatives. Failure to observe this restriction may result in disqualification of any subsequent submittal. This restriction does not preclude discussions unrelated to this RFI.

1.6 Respondent Understanding of RFI

By submitting a signed submittal, each firm represents that it fully understands this RFI and will abide by its terms and conditions.

1.7 Deadline for Submission of Responses

To be considered, submittals must be received in the issuing office by the date and time specified on the cover page of this RFI.

1.8 Right to Amend, Modify or Withdraw RFI

HCPSS reserves the right, in their sole discretion, to amend, or modify any provisions of this RFI, or to withdraw this RFI, at any time prior to the due date, if it is in the best interest of HCPSS to do so. The decision of HCPSS shall be administratively final in this regard.
